Established in 2000, KONG & PARK Inc. is a publishing company that has specialized in researching and publishing books for studying Chinese characters. The KONG & PARK research team has organized more than 3,500 Chinese characters, and based on their research, they introduced fun and faster way to learn Chinese characters by focusing on about 250 root characters.

After the introduction to the root characters, their book illustrates how different characters are added to the root characters, creating different meanings and words. Given the repetition of the root characters, it enables readers to easily learn and memorize the root characters as well as the derivation of different words from them. The company applied for a patent for this unique study method in 2008 and was granted one in 2012.

Since 2012, KONG & PARK has published and distributed worldwide books written in English language. It has also acted as an agent to distribute books of Asian countries (such as Korea, Singapore and so on) written in English language to many English speaking countries like the UK and the USA.

Enjoy Learning Chinese Characters

Discover their Hidden Meanings

Chinese characters are represented as pictograms which are based on the shape of objects. If you feel even slightly disheartened that you will have to memorize each one of them, then do not worry. Just as the English language learning system is based on alphabets (A, B, C, etc.) which are a set of characters that represent the phonemic structure of the language; similarly, Chinese learning has about 300 basic and radical characters. Remember that you can combine these Chinese characters or break them in order to easily read, write and understand them.

How must one learn the basic characters?

This book is written to help you understand the origin and usage of each character. Now you can recall instead of memorize. To remember means to strengthen the synapses which connect your brain cells. Synapses can be strengthened by stimulating the five senses – smell, hearing, taste, vision and touch. When multiple senses are used together, the memory lasts longer. Better results can be achieved when such stimuli is coupled by unforced repetition. One good way of strengthening the synapses is to repeat the same stimulation. This book expands on the basic character by adding parts that give new meaning in a radical form. This means you are exposed to the same basic character multiple times.

Learning that can be used immediately

By learning how these Chinese characters came to be, you can also learn how adding a certain component changes the meaning. For example, the character “色[se]” meaning ‘color’ depicts a person(人) on top of another person(巴) in the act of sexual intercourse, which causes one to flush in excitement. Once you know that origin, you will be able to understand why “色[se]” also means ‘lust’.

'Enjoy Learning
Chinese Characters'**

Disfrute Aprendiendo los Caracteres Chinos

Descubra sus Significados Escondidos

El prejuicio que tenemos de que los caracteres chinos son jeroglíficos da lugar a la creencia errónea de que hay que memorizar los miles de dibujitos. Pero, al igual que el inglés que tiene sus alfabetos, el chino tiene aproximadamente unos trescientos caracteres básicos. Y a través de la descomposición y recomposición de ellos, se puede leer y escribir y además comprender el significado de miles de caracteres chinos. ¡Aquí usted se encontrará con estos métodos tan sorprendentes!

¿Cómo se debe de aprender los caracteres básicos?

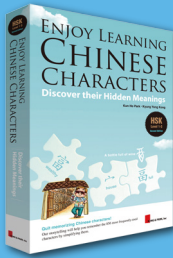

Este libro ha sido redactado con el fin de ayudar al lector con la comprensión del contexto en el que se diseñó y se utilizó cada uno de los caracteres básicos. Este método ayuda a aprender cada carácter con su contexto de una forma mucho más fácil que el de aprenderlos de memoria. Memorizar significa activar las células cerebrales a través de un fortalecimiento de la sinapsis que conecta las células cerebrales. Esta sinapsis se fortalece estimulando los cinco sentidos de "vista, oído, gusto, olfato, tacto", con lo cual se queda en la memoria por más tiempo cuando se está en un contexto donde se utilizan todos estos sentidos. Si, además de comprender los caracteres básicos, se repitieran de forma natural, obtendríamos el mejor resultado, ya que una de las mejores formas de fortalecer la sinapsis es generar el mismo estímulo repetidamente. Este libro demuestra con diagramas la forma en que se combinan estos caracteres básicos para obtener un nuevo significado. Es decir, está estructurado de forma que se repita la letra básica en el centro del diagrama.

Una forma de estudio perfecta y práctica

Esta forma de estudio, que enseña tanto los principios como el contexto en que se generaron las letras chinas, a la vez, ayuda a comprender la razón por la que se modifica el significado de cada carácter. Por ejemplo, el carácter "色 [sè]" llegó a tener el significado de 'color' a partir de la postura de una persona(人) encima de otra persona(巴), en una relación sexual, que se excita y se ruboriza. Si conoce este contexto del carácter "色 [sè]" es muy fácil de comprender el porqué tiene además el significado de 'lujuria'.

Look inside!

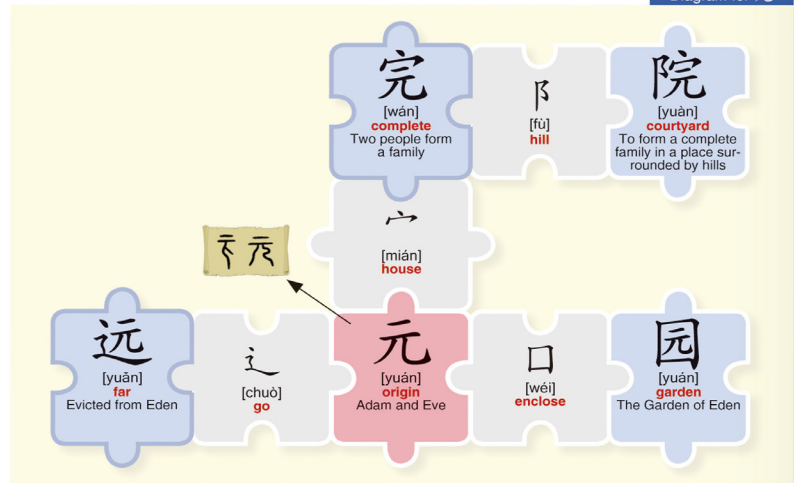

Quit memorizing Chinese characters!

Our storytelling will help you remember the 856 most frequently-used characters by simplifying them.

***Fun and easy
way to learn
Japanese Kanji***

Enjoy Learning Japanese Kanji

Discover their Hidden Meanings

Japanese kanji are represented as pictograms which are based on the shape of objects. If you feel even slightly disheartened that you will have to memorize each one of them, then do not worry. Just as the English language learning system is based on alphabets (A, B, C, etc.) which are a set of characters that represent the phonemic structure of the language; similarly, Kanji learning has about 250 basic and radical characters. Remember that you can combine these kanji or break them in order to easily read, write and understand them.

How must one learn the basic characters?

This book is written to help you understand the origin and usage of each character. Now you can recall instead of memorize. To remember means to strengthen the synapses which connect your brain cells. Synapses can be strengthened by stimulating the five senses - smell, hearing, taste, vision and touch. When multiple senses are used together, the memory lasts longer. Better results can be achieved when such stimuli is coupled by unforced repetition. One good way of strengthening the synapses is to repeat the same stimulation. This book expands on the basic character by adding parts that give new meaning in a radical form. This means you are exposed to the same basic character multiple times.

Learning that can be used immediately

By learning how these kanji came to be, you can also learn how adding a certain component changes the meaning. For example, the character "色 [しよく・しき]" meaning 'color' depicts a person (人) on top of another person (人) in the act of sexual intercourse, which causes one to flush in excitement. Once you know that origin, you will be able to understand why "色" also means 'lust'.

The Korean Verb Guide

The Korean Verbs Guide introduces 100 essential Korean verbs that are commonly used in everyday Korean. This book is divided into two volumes and each volume contains 50 Korean verbs. This book will help you practice and get used to the major verb conjugation rules in the Korean language through a lot of real-life sample sentences and useful quiz questions. Using this book, those who are at the beginner level can effectively learn 100 commonly used Korean words. Also for those who just want to review, you can use this to gain more confidence through the many practice examples available. Through this book's many sample sentences, everyday conversation samples, and quizzes, learners can gain a more thorough and complete understanding of the basics of Korean.

Contents of the book:

- 100 Korean verbs that are commonly used
- Verb conjugation tables
- Three sample sentences for each verb
- Quizzes to check your progress

The package has two books inside, Volumes 1 and 2, so that it's easier for you to carry the books with you.

My Weekly
Korean Vocabulary!***

My Weekly Korean Vocabulary Book 1

If you are tired of memorizing vocabulary and seeing very little progress, this book offers an alternative way to learn and apply Korean vocabulary words and sentences to your life at whatever level of Korean you are comfortable with so you actually learn the words rather than simply memorizing. Each day you have one new keyword, and built upon that keyword are 20 additional phrases and sentences that get progressively longer.

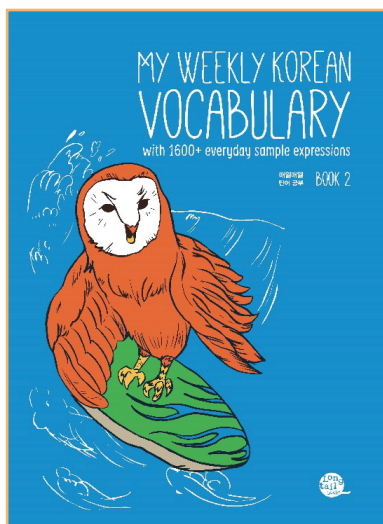

You can use this book as a 12-week study aid or as a reference book. Stash it in your backpack or purse to use a phrasebook when you're traveling around Korea. It does not matter how to use this book or what your level of Korean is as long as you know how to read Hangeul! Whether you are a beginner or advanced Korean learner, everyone can benefit from using the My Weekly Korean Vocabulary book.

Using this book, people studying Korean can learn essential vocabulary words and how the words are used. With 1,600+ natural sample sentences that are introduced in the book, learners of any level, from beginner to advanced, can improve their Korean vocabulary skills and speak more natural Korean.

The illustrations in the book have been provided through an open Creative Commons collaboration in which listeners and supporters of Talk To Me In Korean submitted various artwork as visual aids for each of the vocabulary words in My Weekly Korean Vocabulary.

Contents of the book:

- 84 key words to study with
- 20 sample sentences for each word
- Vocabulary and grammar break-down notes

***After studying with
this book,
you too will be a
Hangeul Master!***

Hangeul Master

- Have you ever struggled to read the titles of your favorite K-dramas because of the fancy font?
- Do you sometimes wonder what Korean handwriting says because you can't entirely make out all the letters?
- Do you just want to learn to read and write Hangeul better?

After studying with this book, you too will be a Hangeul Master! We cover all the Hangeul letters in detail and give you tips on how to easily read Korean handwriting or fonts.

This book has all the essentials to help you learn Hangeul, including a history of Hangeul, pronunciation and the stroke order of the 40 Hangeul letters, how letters are combined into syllables, and how to link sound together when speaking Korean.

Free downloadable audio files are provided to help develop better pronunciation. Throughout the book, there are "time-out" sections that serve as a short study break. These sections contain cultural tidbits and facts related to Korean, including "Abbreviations in Korean Slang", "Chinese Characters in the Korean Language", "When Do Koreans Learn Hangeul?", and more. Following the extensive coverage of Hangeul is a section which covers Korean Handwriting. Over 300 examples of handwritten Korean, provided by native Koreans, are introduced with tips, explanations, translations, and practice exercises to help learners develop the ability to efficiently read handwritten Korean.

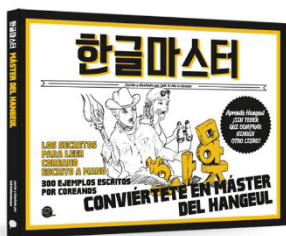

Contents of the book:

- History of Hangeul
- Introduction To Hangeul
- Learn Hangeul
- Korean Handwriting Tips
- Practice Your Handwriting
- Korean Handwriting Quiz

'Hangeul Master'*

Máster Del Hangeul

Conviértete En Máster Del Hangeul

¿Alguna vez has tenido problemas para leer los títulos de tus K-dramas favoritos a causa de la elaborada tipografía? ¿Algunas veces te preguntas qué es lo que dice un texto en coreano escrito a mano porque no entiendes todas las letras? ¿Quieres mejorar tus habilidades para leer y escribir Hangeul? Después de estudiar con este libro serás un ¡Máster del Hangeul! Abordamos de forma detallada todas las letras que componen el Hangeul y damos consejos para leer fácilmente coreano escrito a mano o en tipografía.

Este libro tiene todo lo esencial para ayudarte a aprender Hangeul, incluyendo la historia del Hangeul, la pronunciación y el orden de trazos de las 40 letras que componen el Hangeul, la combinación de las letras para formar sílabas, y la unión de los sonidos cuando se habla en coreano. El audio se puede descargar de forma gratuita para ayudar a mejorar la pronunciación. A lo largo del libro hay secciones tituladas “¿Sabías que...?” que sirven como un corto descanso del estudio. Estas secciones contienen notas culturales y hechos relacionados con Corea, incluyendo “Abreviaciones en coreano coloquial”, “Caracteres chinos en el idioma coreano”, “Los coreanos aprenden Hangeul a una edad muy temprana” y más. Con una extensa cobertura del Hangeul la sección titulada “Hangeul escrito a mano” contiene más de 300 ejemplos de coreano escrito a mano por coreanos nativos, presentados con consejos, explicaciones, traducciones y ejercicios de práctica para ayudar a los estudiantes a desarrollar la habilidad de leer coreano escrito a mano de forma eficiente.

Contenido del libro:

- Historia del Hangeul
- Introducción al Hangeul
- Aprende Hangeul
- Consejos para escribir coreano a mano
- Practica tu escritura a mano
- Prueba de escritura coreana a mano

***Make your stay in
Koreamuch easier
and enjoy it
to the fullest with
Survival Korean!***

Survival Korean

"Survival Korean" is a collaborative effort between Talk To Me In Korean and Seoulistic. Talk To Me In Korean is a major contributor in the globalization of Korean language and culture through the production of various Korean lessons taught in English for overseas learners. Seoulistic creates fun blog posts and videos with tips for traveling/living in Korea, which also help people better understand Korean culture. By using "Survival Korean," not only can readers learn more than 350 useful expressions and words which have been sorted by situations that one may encounter while traveling or living in Korea, readers can also find helpful culture tips about the situations where the expressions are used so that not only travelers, but expats who are living in Korea, can avoid miscommunication or making social blunders.

The beginning section of the book provides basic and essential grammar and information, including how to read Hangeul, numbers in Korean, how sentences are form in Korean, etc., which can come in handy when readers want to more actively communicate with locals. Offering many real-life example sentences and sample dialogues as well as detailed explanations of situations and how the phrases are used in situations, readers can better understand the phrases in context. Moreover, there are useful tips and information which include cultural background explanations to help readers better understand and learn with more fun. "Survival Korean" also includes chapters that introduce phrases which can be useful for those who traveling throughout Korea or who are currently living in Korea.

Contents of the book:

- Detailed explanations in English about Hangeul, Korean numbers, basic expressions, and more;
- 350+ useful survival expressions and words to use in 20 different situations;
- Culture explanations for key expressions/words to help the reader better understand the situation in which the expressions are used;
- Real-life examples and sample dialogues;
- Useful tips for traveling/living in Korea;
- Fun photo illustrations as visual aids.

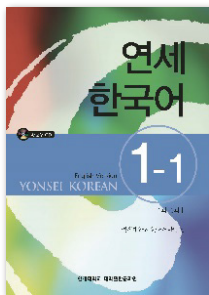

연세대학교
YONSEI UNIVERSITY

Yonsei Korean Institute

Size	8.3 x 10.3 inches
List Price	\$ 38.99

Kye Kim can't remember a time not spent in the kitchen; cooking, experimenting with new recipes, and sharing food with those she loves. She immigrated to the United States from South Korea almost 40 years ago, and has lived in Michigan with her family ever since. After spending most of her life sharing her unique take on classic Korean dishes with her family and friends, she decided to expand her audience by writing a cooking column on a well-known Korean American lifestyle website. "Kye Kim's Neat Cooking", found on www.missyusa.com, eventually led to the publication of her two cookbooks, "Michigan Cook Kye Kim's Neat Cooking: Brunch, Lunch, Dinner" and "Kye Kim's Modern Korean Cooking." "Kye Kim's Simply Delicious One Course Meals" is her third endeavor, and in her opinion, her best cookbook yet.

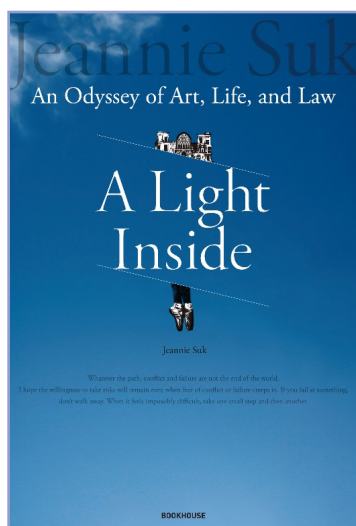

Kye Kim's Simply Delicious One Course Meals

With an emphasis on healthful and modern takes on Asian flavors and the addition of author Kye Kim's expert techniques and long years of cooking experience, this collection of recipes ranges from the classic (Kimchi Pancakes), to comforting (Sizzling Rice Soup), to fresh (Simple Asian Slaw with Black Sesame Rice), to deeply satisfying (One-Pot Seafood and Vegetable Rice), and features recipes for sauces, tips for substitutions and helpful hints, all aimed at helping you turn these one course meals into a new lifestyle with a focus on taking care of yourself and those you love.

A Light Inside

The first Asian Woman tenured at Harvard Law School, Guggenheim Fellow, Herbert Jacob Prize Winner, 'Best Lawyers Under 40' by the NAPABA, Jeannie Suk tells her heartfelt story. By telling her old love for Ballet, Piano and reading, she guides us to her passionate life and work and finally to the world "that she wanted to see". She decided to write this book because she was frequently asked to explain the connection between how she grew up and how she works and lives now. What world do we want to see? What is "education" in its true sense? What is "life" where one paves one's own path? Through this clean and elegant memoir, we learn that one's attitude and passion for life is the most important in life. and she suggests that we should be brave as we have freedom to be imperfect. Also she tells about her disciplines of life and work. One of those is "find what you really love to do."

1. The first essay of Jeannie Suk, first Asian Woman Tenured at Harvard Law School
2. Her Journey of Life and thought about how to learn and how to pave her own unique path.
3. Humanities, Arts, and Law. . . Here is the pursuit of Intellect and sensibility that has formed Jeannie Suk.

Jeannie Suk, a Guggenheim Fellow, is a law professor at Harvard who specializes in criminal law and family law. Born in Seoul, Korea, she studied at the School of American Ballet and the Juilliard School. She received her B.A. in literature from Yale, and was awarded a Marshall Scholarship to study at Oxford where she received her doctorate in literature. She attended law school at Harvard, and clerked for Justice David Souter on the United States Supreme Court. Her writing has appeared in the Yale Law Journal, Stanford Law Review, Wall Street Journal, and Slate. She has been interviewed about her research by Dan Rather for Dan Rather Reports, and by ABC News.
